Letter to Griswold & Mackinnon.

St. Johnsbury, Vt.

Dear Sir: You understand grinding wheat, buckwheat, rye, oats and corn. We understand grinding white-lead and white zinc. The two sorts of grinding are not much alike. Very likely oats and wheat behave very differently in the mill, and you manage them differently—we know very little about your work; don't need to; we'd rather depend on you.

But we paint your house and mill, and out-buildings; perhaps you'd be glad to know about grinding paint; for some people mix their paint with a stick in a tub.

We use lead and zinc—nothing else. And our zinc is as tough as your oats. Tub mixers imagine they mix it. They don't; they can't. Takes grinding to mix lead and zinc.

They are both white. Tub-mixers don't know it; but tub-mixed lead and zinc is a streak of one alongside of a streak of the other.

We grind as you grind; and our paint is lead and zinc ground together, mixed intimately; it is neither lead nor zinc, but lead and zinc; the lead is lost, and the zinc is lost; each lost in the other; both lost in the mixture. Lead chalks and zinc peels; lead and zinc ground together hang on and protect each other.

We take care of your mill outside; you take care of it inside.

Yours truly,

F. W. Devor & Co.

1-2 A Beautiful Souvenir. 1-2

65 VIEWS OF ST. JOHNSBURY

for \$.50 each, never sold for less than \$1.00.

I had 2000 souvenir books printed and they have found ready sale, but there are still about 300 on hand of which I want to dispose at once, and am going to if the price counts for anything. There is no use making a out unless you make a big one so I will cut the price right in two, \$.50 for \$1.00 worth, and at this price they will not last long. I have about 150 large photos of stores, churches, street views, etc that have never sold for less than 50c., price to close 25c. Also one lot large pictures 22 x 28 inches, framed and unframed, all offered at the same rate. \$4.50 ones now \$2.25; \$4.00 ones now \$2.00 and the \$2.00 ones at \$1.00 as I wish to close out everything.

While I am doing this I can make just a few more of those nice Photos—the kind I always make.
